

Hot Fork Buffets

As with the Cold Salad Buffets, the menus in this section are suitable for a wide range of functions. They do however usually require kitchen facilities, if there are none available the hire of additional equipment can be arranged, but a suitable area must be available to set up a make-shift kitchen. We would always visit a location to discuss facilities prior to booking.

These menus are designed to be served from Chaffing Dishes on a Buffet Table. The prices quoted below are for delivery only, we would recommend that you have waitress service with these buffets, see additional equipment page on our website.

Starters

To start your meal or buffet we will be happy to discuss starter options with you.
